技术指标

[illegible]

电气特性	外接供电	5~36V直流电源供电，或100V~240V交流电接入，交流工频频率50Hz~60Hz，市电
	内置电池	内置6000mAh的锂电池，默认设置需连续工作不低于8小时，持续供电能力随环境温度变化

The diagram illustrates a complex genomic structure, likely a human genome. The top section shows a linear sequence of chromosomes with various colored bands and labels. Below this, a large, dense grid of colored squares (yellow, green, blue, red) represents a detailed genomic map. The bottom section contains a series of horizontal bars and labels, likely representing specific genomic regions or genes. The overall layout is highly structured and detailed, typical of a scientific genomic visualization.
